WOODPACK GLOBAL©TM
PDS / CDS SOFTWARE
LICENSE AGREEMENT

WHEREAS, the Woodpack Global of 225 Reinekers Lane, Suite 560, Alexandria, VA 22314, hereinafter referred to as WG, develops and owns proprietary and copyrighted computer software and programs, as well as owns the trade/service marks related to such programs, and licenses such proprietary and copyrighted computer programs together with or apart from accompanying copyrighted media material and documentation and,

WHEREAS, the individual or organization who ordered this License is the Licensee; and

WHEREAS, the Licensee wishes to license certain WG computer software and related materials called the Pallet Design System ("PDS") and/or the Crate Design System ("CDS") (together "Software"); and,

WHEREAS, Licensee desires to be a nonexclusive licensee of WG and obtain the benefits thereof and, in return, is willing to abide by the obligations and fee agreements applicable to the license of Software and the designs created therewith;

NOW THEN, for good and valuable consideration, including but not limited to this Agreement by WG to Licensee and Licensee's covenant regarding WG's proprietary rights, the sufficiency of which is hereby acknowledged, WG agrees to license Software to Licensee (but not to Licensee's parent, owners, shareholders, subsidiaries, affiliates or other third parties) subject to the following terms and conditions:

It is Agreed:

ARTICLE I. TRADEMARK/COPYRIGHT LICENSE. WG licenses Licensee to use the WG owned/copyrighted computer software and related materials called the Pallet Design System and/or the Crate Design System ("Software"), (WG trade/service marks and copyrighted works made the subject of this Agreement are collectively referred to herein as "WG IP"), in connection with Licensee direct business, and in a manner consistent with the terms of this Agreement. In order to protect the goodwill of WG, WG retains the right to review and approve all uses of said of WG IP, but will not unreasonably withhold its approval.

ARTICLE II. ACKNOWLEDGMENT. Licensee acknowledges that WG is the lawful owner of WG IP referred to in Article I, and agrees to take no action inconsistent with WG's ownership, or that would subject WG to claims by third parties or potential loss of its ownership.

ARTICLE III. EXCLUSIVE SOURCE. Licensee shall obtain all requested Software, including but not limited to the Pallet Design System and/or the Crate Design System software program, including any updates, and all of the documentation, manuals, computer recorded data, software, source code and any and all copies thereof (Software Suite) and other media upon which the documentation, manuals, data and other materials are recorded through WG (Materials) from WG. Licensee shall make no copies, of any kind, of any of the Software Suite or Materials furnished by WG (e.g. Users Guide for internal tutorial), unless specifically authorized to do so in writing signed by an officer of WG. Further, the license granted Licensee hereunder is only for Licensee's use therefore the original Software licensed also cannot be sub-licensed, loaned, installed, downloaded, accessed, by, to, on behalf of, or with any third party other than Licensee.

ARTICLE IV. PROPRIETARY RIGHTS OF WG. Licensee agrees that WG retains exclusive ownership of the trademarks and copyrights represented by its company and product names and logos, including but not limited to the name PDS and/or CDS, the Materials and the Software Suite, as well as the designs, drawings, plans, specification sheets, data, analyses, information and materials or other output produced by or with the assistance of the Software (the "Output"). Licensee also agrees that all techniques, algorithms, formulas and processes contained in WG's Software Suite, Materials or Output or any modification or extraction thereof constitute TRADE SECRETS OF WG and will be safeguarded by Licensee, but in no event shall Licensee exercise less than due diligence and care in accordance with the laws of the United States and International Law, whichever operates to best protect the interests of WG. Licensee shall not copy, reproduce, re-manufacture, alter or modify, or in any way duplicate all or any part of the WG Materials, Software or Output WHETHER MODIFIED OR TRANSLATED INTO ANOTHER LANGUAGE OR NOT, or any documentation, or any other material provided by WG in association with WG's Materials, Software or Output except as specified in this Agreement and in accordance with the terms and conditions of this Agreement which remain in force. Any modifications or changes to Software and related Materials, or any "derivative" works produced by Licensee shall be deemed property of WG and Licensee shall both transfer any rights and assist WG in registering its ownership rights in such. Licensee agrees that unauthorized distribution, copying, or otherwise reproducing ALL OR ANY PART OR TRANSLATED PART of the Materials, Software or Output or the failure to protect such Materials, Software or Output will actually and materially damage WG.

Licensee agrees that the WG IP, Materials, Software Suite and Output will be used for internal purposes only and that it shall not sell, license, loan or otherwise convey its rights in the IP, Materials, Software or Output to any third party. Licensee further agrees that it shall not use the product for, or in connection with, the rendering of services to any third party other than Licensee's direct pallet user or direct crate user customer(s); with the further understanding and agreement that such direct pallet user or direct crate user customer(s) shall be prohibited from "reverse engineering" the WG Software (e.g., to disassemble and examine or analyze Software to discover the concepts/formulas involved in order to produce something similar), Software, Output and the methodology contained therein, for the purposes of their subsequent unauthorized, unlicensed use. All Output created by Licensee will bear Lessee's name on the watermark and Licensee agrees not to tamper with its name or the watermark appearing on the Output.

Licensee agrees not to allow any third party to study, copy or use the Output without the express prior written consent of WG, which consent shall be granted or withheld at the sole discretion of WG. Notwithstanding the foregoing, Licensee may provide a copy of the Output, which must bear the Lessee's watermark, to its manufacturer for the sole purpose of manufacturing the pallet or crate for Licensee to sell or to its direct pallet user or direct crate user customer for the sole purpose of selling pallets or crates to that customer.

Licensee shall make reasonable efforts to both police and enforce the restrictions contained in this Agreement including, when reasonable, disclosing the strict nature of the prohibition of unauthorized secondary use of any Software Output.

ARTICLE V. ARCHIVAL COPIES. Licensee may make archival copies of these portions of WG's Material(s) or Software(s) that are provided on machine readable media provided such copies are for the Licensee's personal use and have been authorized in writing signed by an officer of WG. Any such copies are understood to be subject to the same intellection property protections set forth throughout this Agreement, including their being covered under the license granted as well as the restrictions against their use and the Licensee's obligation to protect them if and portion of this License is breached. Licensee agrees that in the event Licensee breaches this or any other provision of this Agreement, Licensee will be liable for liquidated damages equal to one year's lease fees for each violation and will forfeit its license to use any and all WG IP, Materials, Software and Output.

ARTICLE VI. MULTIPLE COPY USE. This WG license of IP, Materials, Software and Output is applicable to a single Licensee; as identified herein. All Output must bear the watermark of the Licensee. Licensee's use of the Materials and/or Software can be in one of two manners:

(a) Installation and use of the Materials, Software, and Output on up to one computer of the Licensee is permissible as long as all processors remain under the direct control of the Licensee. Additional copies of Software after the first may be licensed by the Licensee for additional licensing fees. Licensee is responsible for maintaining control of all copies licensed hereunder. This provision specifically requires that as soon as an individual user is no longer under direct control of Licensee, e.g., terminated from employment, Licensee is responsible for ensuring that the individual removes the Software, Output and any other Materials from his or her computer and returns any and all WG IP, Materials, Software and Output he or she possesses to the Licensee.

(b) Installation and use of the Materials, Software, and Output on a server is permissible and will allow access by one user (employees of Licensee). Licenses can be purchased for additional simultaneous individual users, or for unlimited number of users. This provision specifically requires that as soon as an individual user is no longer under direct control of Licensee, e.g., terminated from employment, Licensee is responsible for ensuring that the individual no longer has access to the Software, Output and any other Materials on the server and returns any and all WG Materials, Software and Output he or she possesses to the Licensee.

ARTICLE VII. LICENSEE FEES. By executing this License Agreement, the Licensee agrees to pay any and all fees set forth according to the current fee schedule, which is incorporated herein by reference. Fees are payable at time of original licensing or at time of renewal.

ARTICLE VIII. LICENSE RENEWAL. This License Agreement is up for renewal at the end of each 12-month period starting with the first day of WG's acceptance of the License, at which time Licensee will be notified and requested to sign a new agreement and pay the applicable fees.

ARTICLE IX. COPYRIGHTS, TRADEMARK NOTICES, LEGENDS AND LOGOS. WG Materials, logo, product names, Software, Output, manuals, documentation and other support materials are either patented, copyrighted, trademarked, trade secrets, or otherwise proprietary to WG. Licensee agrees not to remove any such notices and product identification.

ARTICLE X. TRANSFER OF LICENSE. There is no absolute right of transfer held by Licensee. Any such rights to transfer shall be solely determined by WG. In the event Licensee wishes to transfer the rights granted by this Agreement, retaining none thereby, a letter requesting such transfer accompanied by the original Materials, Software, Output, manuals, documentation and all copies there from, must be sent to WG. WG will then select the most appropriate method of distribution of the transferred rights and advise the intended recipient of any fees.

ARTICLE XI. LIMITED WARRANTY POLICY AND INDEMNIFICATION.
WG warrants that all Software, manuals documentation and other support materials supplied by WG are free from manufacturing defects and contain accurate reproductions of WG copyrighted material.

WG will replace any WG furnished item which is defective, provided the defect is reported to WG within ten (10) days of delivery of the Software to Licensee. WG makes no express of implied warranties of any kind regarding the accuracy of the Output or other data produced through the use of its Software. Except for when resulting directly from its gross negligence or willful misconduct, WG's entire liability for any claim arising out of or in connection with this Agreement, or the use of its Materials, Software or Output, and any negligent or willful wanton act solely attributed to WG pertaining to the foregoing, whether arising in tort, contract, or otherwise, shall be limited to one year's lease fees.

Notwithstanding the foregoing, LICENSEE agrees to indemnify and hold WG and its directors, officers, employees, agents, and members harmless with respect to any and all claims, losses, damages, liabilities, judgments, or settlements, including reasonable attorney's fees, costs, and other expenses incurred by WG on account of any negligent, willful or wanton activities conducted by Licensee pursuant to this Agreement.

WG will not be responsible for any consequential, indirect, incidental or special damages resulting from the use of its Materials, Software or Output, including, but not limited to, the loss or inaccuracy of Output or other data produced through the use of its Materials, Software or Output. WG will not honor any claim where the Licensee is not using the latest revisions provided by WG or where the Software, Materials or Output have been subjected to physical abuse or have been used in defective or incompatible equipment. WG will not honor any claim where there is no signed License Agreement acknowledgement on file at WG Headquarters. Materials, Software and Output provided by WG are intended for commercial use only.

ARTICLE XII. RESPONSIBILITY/AGENCY. The Licensee understand and agrees that, in issuing this License, WG does not approve, certify or endorse or in any way guarantee any product or construction or the performance thereof manufactured or used according to the Software or the Output provided under this Agreement. WG assumes no liability to Licensee or third parties with respect to any such product or the construction or the performance thereof, except to the extent that it results directly from WG's gross negligence or willful misconduct. The Licensee shall indemnify WG and its agents and hold the same harmless from any and all claims arising or alleged to arise out of a defect or deficiency in the design or manufacture of any product manufactured, sold or distributed by the Licensee to designs generated from Software or Output or arising or alleged to arise out of the relationship between the Licensee and WG as owner of the Software.

Licensee shall not use the Software, Materials, Output, or any portion thereof, in conjunction with, as input to, or as part of the development, training, or operation of any artificial intelligence system, machine learning model, or other automated data-processing technology for purposes of analysis, reproduction, reverse engineering, modification, or any other application. Any such use shall constitute a material breach of this Agreement, subjecting Licensee to immediate termination of the license and any applicable remedies.

WG and Licensee agree that this Agreement is not intended to create an agency relationship of any kind; and both agree not to contract any obligations in the name of the other, to use each other's credit, name or reputation in conducting any activities under this Agreement, or to represent that WG is in the business of providing the products and/or services provided by Licensee.

ARTICLE XIII. INSPECTION. Upon reasonable notice and during regular business hours, WG shall have the right to inspect the books and records of Licensee relating to the License granted hereunder to confirm compliance.

ARTICLE XIV. LICENSE IDENTIFICATION. All Output, printout or internal files developed and/or distributed by the Licensee with WG Software must bear the Licensee's company name on the first line of the software section which asks for the "Preparer" name. All Output shall bear Licensee's name on the watermark and WG's copyright notice. Licensee agrees not to tamper with or alter its name or the watermark appearing on the Output. Under no circumstances shall the "Preparer" name section bear a name other than that of the Licensee. However, Licensee may use a proprietary trade name or Licensee subsidiary name in place of the Licensee name only by written permission of WG.

ARTICLE XV. UPDATE POLICY. WG may, from time to time, revise the performance of its products Materials or Software and in doing so agrees to provide Licensee with a current copy of such revisions. Also at WG's option, WG may provide Licensee with a revision Newsletter from time to time. (No update or customer service newsletter will be provided unless all License fees have been paid and a properly signed lease agreement is on file at WG.)

ARTICLE XVI. TERMINATION OF LICENSE. If any one or more of the provisions of this Agreement is breached, as solely determined by WG, WG has the right to immediately terminate this License upon written notice to Licensee. Either party may terminate this Agreement upon ninety (90) days' notice in writing to the other party. Nevertheless, in the event of such termination, all the provisions of this Agreement which operate to protect the rights of WG shall continue in force. In the event this Agreement is terminated, the Licensee, any and all licenses granted by WG herein shall immediately cease, agrees to cease using and, upon request by WG, immediately return to WG all IP, Materials, Software, including the Software, Output, manuals, documentation and copies thereof at Licensee's expense.

ARTICLE XVII. CONFIDENTIALITY. Licensee recognizes that during the term of this Agreement, it may possess certain confidential, proprietary information about the Software Suite, including, but not limited to the WG IP identified herein. Therefore, Licensee agrees that all such information shall be held in confidence and it will not divulge such information to any party (other than for use under this Agreement) without the express written consent of the WG Licensee agrees that it will adopt reasonable precautions to guard against unauthorized release of such information, and that it will not use such information in any manner that will unfairly benefit itself or damage WG. Licensee agrees to return to WG all confidential business information upon termination of this License Agreement regardless of the form in which it appears or is stored.

ARTICLE XVIII. INJUNCTIVE RELIEF. It is understood and agreed that, notwithstanding any other provisions of this Agreement, in addition to any other remedies WG may have at law or in equity, including those referred to above, WG shall have the right to obtain preliminary and permanent injunctive relief to secure specific performance, and to protect the proprietary rights of WG and to prevent a breach or contemplated breach, of this Agreement.

ARTICLE XIX. GOVERNING LAW. This Agreement shall be interpreted in accordance with the laws of the Commonwealth of Virginia and the parties both consent to the jurisdiction (personal) of Virginia. In the event any part of this Agreement is invalidated by court or legislative action of competent jurisdiction, the remainder of this Agreement shall remain in binding effect.

ARTICLE XX. LEGAL FEES. In the event of legal action brought by either party, the Licensee agrees to reimburse WG for all legal fees associated with said action should WG prevail.

ARTICLE XXI. ENTIRE AGREEMENT. This Agreement and attached fee schedule constitute the entire agreement between the parties and supersedes any prior agreements. This Agreement may only be changed by mutual written consent.

ARTICLE XXII. LICENSEE AGREEMENT ACKNOWLEDGEMENT. By signing and returning this Agreement Acknowledgement, the Licensee hereby accepts all the terms and conditions of this Agreement without exception, deletion or alteration. Licensee recognizes that any use of WG Materials, Software or Output without the return of this License Agreement Acknowledgement and applicable fees will be considered a breach of contract, and otherwise unlawful and unauthorized use of WG's trade secrets and proprietary products.

The Licensee acknowledges that Licensee has read this Agreement and any applicable exhibits, understands them, and agrees to be bound by their terms and conditions. Further, the Licensee agrees that this Agreement and any applicable exhibits are the complete and exclusive statement of the agreement between the undersigned parties, which supersedes all proposals or prior agreements, oral or written, and all other communications between the parties. In the event of a conflict, the terms of this Agreement will prevail.
